Email Registration

Proclaiming the Gospel of Jesus Christ amid the challenges of our society requires the use of new communication technology. In light of Our Lord's commission to "go and make disciples," we must communicate with the faithful in a manner that is both timely and efficient. This new system will enable timely communications with parishioners to inform them of the Church's perspective on current events and media coverage. In order to implement this new initiative, parishioner email addresses must be collected so that messages can be sent to them. There will be an in-pew registration during the weekend of June 12 -13, email registration cards will be available. As we move forward together, this new method of communication will enable us to be more effective witnesses to the Gospel in a world searching for truth.
